5		
2		We need road improvements. North Sea has many miles of unimproved dirt roads. Snow or heavy rains make it impossible to get Fire Equipment and Ambulances to many of the homes in our hamlet. I know the funds aren't available to solve this problem immediately but we have to start somewhere.
0		See the day camp proposal as emblematic of the steady decline of quiet natural settings: Fences, parking lots, food stands, busses, development all replace the very natural splendor that attracted people to Southampton. Soon people will have to go elsewhere to find a quiet place just to sit and enjoy.
4		
5	Site on North Sea Road, privately owned night club	Make an effort to clean up and maintain roads, waterfront areas, shop and parking areas, recycling area (former and still pretty much a dump), open spaces so that we really take advantage of the North Sea's matchless waterfronts and woods. The beauty is all here. It is hidden by neglect; a longstanding wrong focus by various administrations on "south of the highway" biases. It's probvably true of Hampton Bays, as well

1		I live between North Sea & Water Mill in the hamlet of HAMPTON PARK...please include it in your hamlet lists....we have referred to it all our lives here. Thank you

Housing for persons of low or moderate income (workforce housing, senior housing)		
Priority Level 0-5	Specific project or location suggestions, etc.	Suggestions for other specific physical, social or cultural amenities in your hamlet that are not on this list:
2		
1		
1		
0		clean up the garbage on noyac road!!!!!!!!!!!! from southampton to sag harbor.
4		A dedicated fund for projects to improve water quality. Emphasis on land preservation that protects water quality.
3		
2		
5	Noyac and North Sea	Cultural Center, Community park with basketball courts, soccer, swings, park with places to seat, and walk with strollers, safe place for children to run, parent and grandparents can walk too.
5		
5		
3		Keep this a working class neighbor hood. Thank you

Housing for persons of low or moderate income (workforce housing, senior housing)		
Priority Level 0-5	Specific project or location suggestions, etc.	Suggestions for other specific physical, social or cultural amenities in your hamlet that are not on this list:
4		We need to find a solution to make the dirt roads in the community passable. Not only for the residents but also for ambulance and fire equipment. We are no longer a summer only community. People live on these dirt roads all year long, during snow storms and spring floods. We can't correct the entire town over night, but we need to pass legislation that will allow a few roads to be improved each year when funds become available.
5		
3		
4		I think the camp project at 665 Majors Path is way too big for the area. It should have to submit to full environmental review. It is inconceivable to me that a project this size would not have a negative impact on Little Fresh Pond and on the water quality in the aquifer. In addition, it will cause traffic and noise pollution and a threat to the wetlands near the pond.
0		
1		Reinstitute a leaf pick up program using private contractors that have shredder trucks at substantial savings for our tax dollars.
4	The need here is not greater than elsewhere, but there is a great need for entry-level or retirement housing that is energy efficient	Program to upgrade unimproved roads Funding Trustees so docks can be repaired, paved More public marinas Elevated walkways through "wild" preserved areas. Set-asides to financially assist creation of energy-efficient entry-level and retirement housing. Inclusion of transit-oriented, energy efficient rental housing as public benefit.
3		
3		
5		Institute a low-cost shuttle bus to and from the Village of Southampton.
3		
4		Public water to entire town.

Housing for persons of low or moderate income (workforce housing, senior housing)		
Priority Level 0-5	Specific project or location suggestions, etc.	Suggestions for other specific physical, social or cultural amenities in your hamlet that are not on this list:
4		
3		
0		please clean up noyack road. there is litter everywhere from southampton to sag harbor.
4		
4		
0		Finish and enact the long overdue North Sea Hamlet Study.
0		Finish North Sea Hamlet Study and implement recommendations.
3	I think North Sea has a number of inexpensive houses scattered through the hamlet - Bay View Oaks in particular.	
0		
3		stop the proposed day camp on Little Fresh Pond
4		
1		If Little Fresh Pond is to continue to be a pure and clean asset to the hamlet of North Sea, Jay Jacobs can NOT be allowed to run a 400 person day camp on 17 acres adjacent to the lake.
5		
5		
2.7169811
